Hinweise zur Aufführung

Zur Aufführung dieser Komposition ist ein etwas ungewöhnliches Instrument namens "Klangbaum" erforderlich. Ein Klangbaum ist ein Saiteninstrument mit insgesamt 54 Saiten, die beidseitig auf einem Holzkorpus aufgespannt sind; dabei sind die 27 Saiten der einen Seite auf des gestimmt, die der anderen eine Oktave tiefer auf Des - das Instrument kann also eigentlich nur einen einzigen Ton erzeugen und ist daher vom Prinzip her ein Monochord. Da dieser Ton allerdings auf 54 Saiten verteilt ist, ergibt sich ein volltönender, obertonreicher Klang, der schwer zu beschreiben ist und auch durch andere Instrumente kaum zu ersetzen ist.

Gebaut wird dieses Instrument von Karl M. Riedel aus Burghausen. Auf seiner homepage www.instrumentenbaukurs.de finden sich nicht nur Bilder und eine genaue Beschreibung, sondern auch ein Klangbeispiel.

Um eine möglichst unkomplizierte Aufführung zu ermöglichen, habe ich für diese Komposition folgende Notation festgelegt:

Ganz herzlich danken möchte ich dem in Bielefeld lebenden Schriftsteller Friedemann Schäfer für die beiden wunderbaren Texte "Welches Gesicht, hast du Gott?" und "Pfingsten", die in dieser Komposition Verwendung finden.
